You possess considerable magnetic power and you can use it for good or for ill. How you do use it depends entirely on your own desires. Fortunately, you are usually able to control your actions for good and the result is that your magnetic power sheds a beneficial influence on others. You are large in mind and large in heart. You are ready to help others. You know the value of happiness and know how to obtain it but you will never get happiness at other's cost. In fact, you devote your energies towards securing happiness for others. You are sympathetic, hard-working, generous and friendly but are quick to be aroused. When you become angry, you lose all control and make assertions for which you will be sorry later on. So, try to have better self-control.

### Happiness And Fulfillment

### Career

Since you like to unite both sides of an argument, law and justice would be good fields for you. You could also do well as labour mediator and any other positions in industry where you are called upon to create and maintain peace and harmony. Try to stay clear of profession which require instant and constant decision, because you find difficulty in making them quickly.

### Occupation

Whatever you turn to, you will engage in with all your might - one at a time. Then, if monotony or routine plays a large part in the chosen occupation, you will become restless and look for a complete change. Accordingly, you must see to it that, at the outset, you choose a form of work possessing plenty of variety. You should think of nothing that keeps you seated in an office, since you need movement. There is much in a commercial traveller's work that will appeal to you. But, there are thousands of jobs, which will take you from place to place and where you will constantly see fresh faces, that will be suited to your requirements also. You have an excellent executive ability which fits you for ruling your own right after you reach the age of 35. Moreover, at about this time, you become unfitted for serving under others.

### Health

The length of your life depends more on yourself than on the fates. You have the power to attain a ripe old age. But, if you wish to do so, you must take particular care of your lungs. Seek all the fresh air you can obtain and, without making yourself a faddist, dwell as much as possible under the sky of heaven. Make a practice of regular walking and see that your head is up and your chest open. Colds and coughs should never be neglected, and damp air is highly injurious. As a secondary caution, look to your digestion. Never overload it with foods that are rich and hard to digest. Plain food will serve you best.

You will be inclined to live in a land of dreams and illusions and meet many disappointments. You should avoid all speculations and gambling of every kind. In money matters for you, the unexpected is more likely to happen than the expected. Original ideas and plans will be born in your mind not inclined to fit in with other people's views. You will make money by unusual methods, you could become an inventor or an unconventional professional. In many ways, in inventions or businesses connected with risk or chance, you will be lucky. You will have clever original ideas as to how things should be done but as you are not likely to get on easily with partners, you are liable to see many of your excellent plans come to nothing.

Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

## || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
